Dear Students from People's Republic of China!

Despite Russia's full-scale war against Ukraine and the martial law, Ukrainian universities continue to organize training for foreigners and invite applicants from other countries to universities in our state. In particular, the Ministry of Education and Science of Ukraine allow remote admission of foreign students to educational institutions of Ukraine throughout 2022 year to obtain the degrees of Bachelor, Master and PhD.

1. Distant admission of foreign students involves online entrance exams, online enrollment as well as online studies at bachelor's, master's and postgraduate courses using distance learning technologies.

Temporary acting rector
